

Current and new rates are shown below. Rates, Charges, and Entitlement are effective July 1, 2026

### Water Usage Rates (per HCF)

| Service Area / Tier                | 2025-26 \$/HCF | 2025-27 \$/HCF |
|------------------------------------|----------------|----------------|
| Res. 3 – Tier 1 (entitlement)      | \$2.587        | \$2.357        |
| Res. 3 – Tier 2 (over entitlement) | N/A            | \$4.965        |
| Res. 4 – Tier 1                    | \$2.737        | \$2.628        |
| Res. 4 – Tier 2                    | N/A            | \$5.236        |
| Res. 5 – Tier 1                    | \$3.007        | \$3.107        |
| Res. 5 – Tier 2                    | N/A            | \$5.715        |
| Res. 6 – Tier 1                    | \$3.135        | \$3.135        |
| Res. 6 – Tier 2                    | N/A            | \$5.743        |

HCF = Hundred Cubic Feet (≈ 748 gallons).

\*Reservoir zones are based on the general elevation of a property; higher elevation properties pay a higher rate due to the increased power necessary to pump water to those elevated properties.

### Monthly Fixed Meter Service Charges

| Meter Size        | 2025-26 Rate | 2025-27 Rate |
|-------------------|--------------|--------------|
| 5/8               | \$33.67      | \$30.55      |
| 3/4"              | \$39.80      | \$38.46      |
| 3/4" Fire Service | \$45.05      | \$50.32      |
| 1"                | \$50.29      | \$52.27      |
| 1-1/2"            | \$67.03      | \$89.81      |
| 2"                | \$102.63     | \$141.25     |
| 3"                | \$171.78     | \$267.77     |
| 4"                | \$284.83     | \$410.10     |

Most residential customers have a 5/8", 3/4", or 1" meter.
